Step 1: Insert a “custom JS HTML” element on your page where you want this checkbox to go
Step 2: Update the BOLD sections below
Step 3: Add this code to the “custom JS HTML” element
Step 4: Save your page

```
<div class="de elSMS de-editable elMargin0 elInput_sms" id="tmp_sms-86501"
data-de-type="sms" data-de-editing="false" data-title="SMS Reminder" data-ce="false"
data-trigger="none" data-animate="fade" data-delay="500" style="margin-top: 30px; outline:
none; cursor: pointer;">
<p class="smsCheckArea">
<span style="color:#F00; font-weight:bold;">*</span>
<input type="checkbox" class="smsCheck" style="margin-right: 5px; margin-left: 5px;"
name="contact[sms_approved]" value="1">
<span class="smsRecieveText">I Would Like To Receive an Email With This Script. Check
This Box Now!</span>
</p>
<div class="smsExtras">
